----------------------------	----

Fáilte Welcome

It is our pleasure to introduce you to Inchicore College, which is one of Ireland's leading Further Education and Training colleges and providers of PLC courses. We hope that this brochure will give you a sense of the richness of courses at our college and our excellent record in providing quality assured courses at Levels 4, 5 and 6 on the National Framework of Qualifications.

Located in a historic and vibrant part of Dublin, in an important transport hub, we are fortunate to welcome learners from all over the county and country. This contributes to the special atmosphere, which everyone talks about when they experience it.

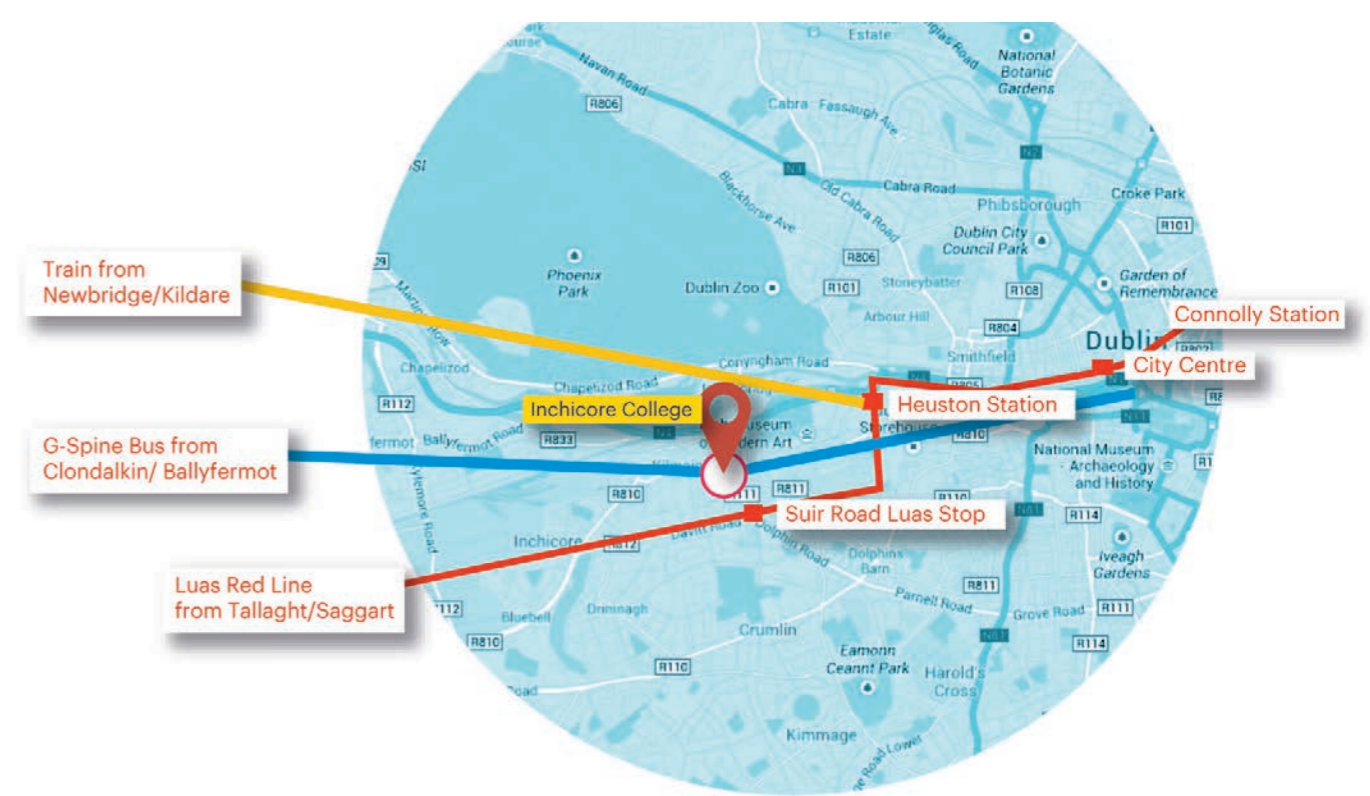

This is a welcoming college where people make lifelong friendships and where our professional and committed staff will guide and support you through your course and help you achieve your career goals.

We believe that Inchicore College is the right choice for you, and we look forward to welcoming you.

Donnchadh Clancy
Principal

Linda Dowling
Nora-Anne Dowling
Lynda Mullan

Deputy Principals

Location

Inchicore College is in a GREAT Location.

We are extremely well served by public transport services.

LUAS

Red Line - Stop Suir Road or Goldenbridge

Bus

Buses stopping close to the college:

G1, G2, 13, 60, 68, 69, 123,
C1, C2, C3, C4,

Train

Trains stopping at Heuston Station from:

Kildare, Newbridge, Sallins, Hazelhatch,
Adamstown, Ronanstown.

The college is at the centre of the vibrant Inchicore/Kilmainham area. Our students make good use of all shops and cafés nearby as well as the Cultural sites such as Irish Museum of Modern Art, Richmond Barracks Museum, War Memorial Park, Phoenix Park and Kilmainham Jail.

Our promise to you

We will treat you as an individual.

We will work hard for you.

We will listen to you, as your opinion is important to us.

We will inspire you and help you to achieve your goals.

We will provide you with a quality education and college experience to help you in life and work.

Why Choose Inchicore College?

1

Employability

Develop your skills and knowledge to improve your employment prospects.

2

Qualifications

Achieve national and international qualifications.

3

We Focus on You

Smaller class sizes and excellent support put the focus on you.

7

Location

Inchicore College is easy to get to by Luas, train and bus and is in the culturally rich area of Dublin 8.

8

Work Experience

Our courses include practical work experience. There are also opportunities on some courses to do work experience in other EU countries.

4

Lower Cost

There are no fees for PLC Courses at Inchicore College. Students are required to pay a registration charge of just €50.

5

Specialist Teachers

Inchicore College teachers are highly qualified and have relevant industry experience.

6

College Experience

At Inchicore College you can experience an enjoyable college atmosphere and make life-long friendships.

9

Individuals Count

At Inchicore College, every individual counts and OUR objective is YOUR learning and YOUR future.

10

We are Inchicore College

We love what we do and we want you to love what you do too.

Enriching Lives, Opening Minds

Do you want to gain work experience abroad?

Students from many courses at Inchicore College are offered the opportunity of three weeks fully funded international work experience in the following countries:

Austria, Finland, France, Italy, The Netherlands, Slovenia, Spain and Sweden.

Inchicore College has been allocated the largest number of international places within the City of Dublin Education Training Board.

3 weeks work experience in Europe.

Fully funded by the European Commission.

Europass Certificate.

Certificate from your International employer.

Why should you take this opportunity? Research has shown that participation in Erasmus+ Mobility Programmes has a positive effect on employment and career development.

“ One of the best experiences of my life. It was such a life changing time for all of us. ”

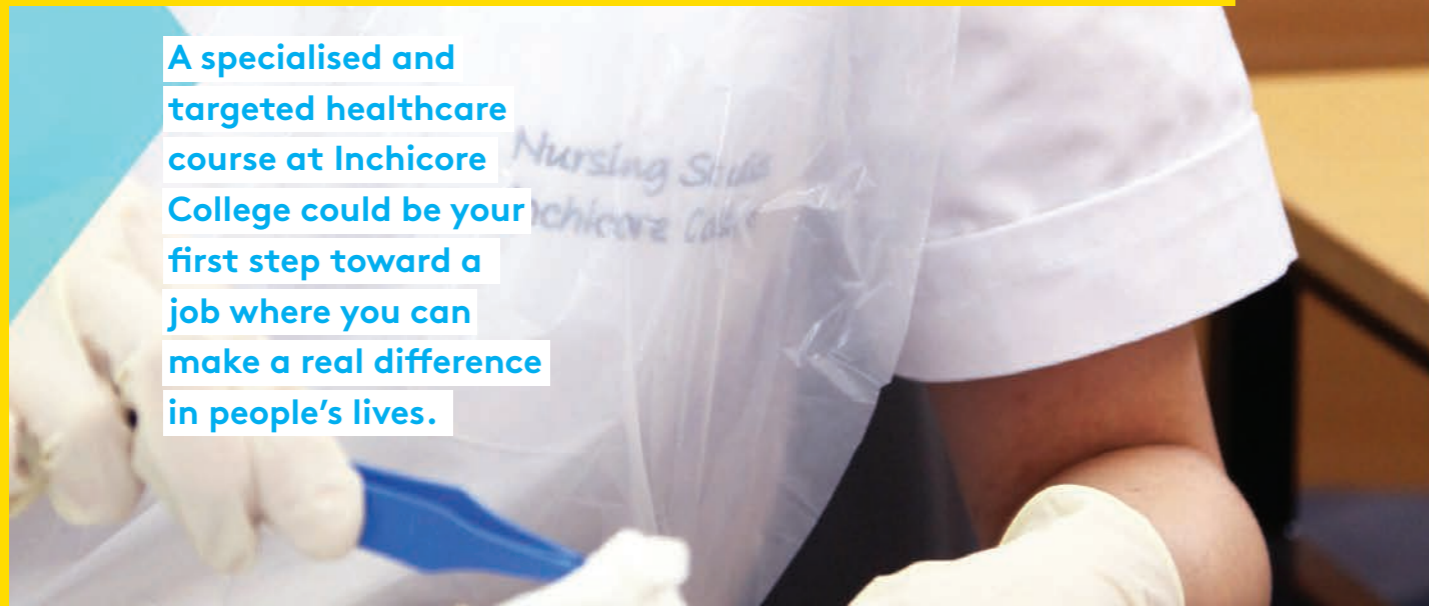

“ Meeting students and experiencing new cultures are two highlights. I'll never forget this experience. ”

Equivalent qualifications will be accepted.

Mature Applicants

Mature applicants who have relevant experience and may not meet the above entry requirements are welcome to apply.

Course Coordinator

Tammy O'Rourke

“If you would love the challenge of problem solving and helping people in practical ways in their daily occupation, then this is the course for you.”

About the Course

If you would love the challenge of problem solving and helping people in practical ways in their daily occupation, then this is the course for you.

Working in day-care facilities, nursing homes, community centres, in client's homes or residential settings requires healthcare workers who can support clients in their day-to-day living.

Our specialist and experienced tutors will guide you as an assistant in occupational therapy to support older, injured, ill or disabled clients to manage their everyday activities. You will enjoy learning how to help these clients develop, recover and improve mobility as well as maintain the skills needed for daily living and working.

Progression Opportunities

QQI 5M4349 Nursing Studies major award may be used to access the Higher Education Links Scheme leading to courses in Nursing and Midwifery, Sports Rehabilitation and Athletic Therapy, Physiology and Health Science.

Mature students are eligible to apply to Occupational Therapy at:

NUI Galway, Trinity College Dublin; University College Cork.

All students may apply to UCAS: Occupational Therapy BSc Honours:

This course offers people an opportunity to explore whether the pre-hospital care field is a suitable area for them, while gaining essential life skills in a structured programme.

Macartan Hughes,
Chief Ambulance Officer,
National Ambulance Service
College

About the Course

You need a cool head and the ability to work under pressure in emergency healthcare. It is challenging, rewarding and fast-paced.

This exciting course teaches you about the skills and theory you will need to work in the emergency services. It is a great foundation for you if you wish to work in emergency care as a paramedic in the ambulance service.

You will be given the opportunity to choose the right career path as you develop your education and knowledge on this course. The work experience element will allow you to apply the theory to practice and on successful completion of the course you may seek employment with the HSE, private agencies or nursing homes in the healthcare sector.

Additional Certification

Nursing Studies

About the Course

Whatever branch of nursing you choose, start your career at Inchicore College.

The nursing shortage in Ireland is giving rise to an increase in university places each year and as a career with solid earning potential you'll enjoy helping people for a living while working in a respected profession known for its comradery with co-workers and excellent career opportunities

This one-year full-time course combines academic and practical learning to enable you to acquire the essential knowledge, skills and competence to work in any healthcare setting as a HCA and to progress successfully to higher education to any branch of nursing.

Emphasis on work experience in clinical settings will help you decide on the direction you wish to take in your nursing career, and you will be supported by our qualified registered nursing teachers and careers counsellors.

Subjects

Anatomy and Physiology

Biology

Care of the Older Person

Nursing Theory and Practice

Work Experience

Children's Nursing

About the Course

Being a Children's Nurse involves everything from nursing a sick new-born infant to an adolescent injury from a sports accident. On this course you will explore how a healthy child develops towards adulthood traversing the challenges of childhood illnesses and accidents.

A child may not be able to communicate the severity and nature of pain, so you will learn the importance of your communication skills to interpret a child's behaviour and reactions and to communicate with the wider family, including parents and carers.

Children's Nursing takes place in a range of settings including hospitals, day care centres, clinics and in the community such as a child's home. On this course you will learn about the role of multidisciplinary teams that look after children such as doctors, hospital play staff, healthcare assistants, psychologists and social workers.

Subjects

Anatomy and Physiology

Care Skills

Child Health and Well Being

Children with Additional Needs

Biology

Communications

Human Growth & Development

Work Experience

Nursing Courses at Inchicore College

Progression Opportunities

QQI 5M4349 Nursing Studies major award may be used to apply to all branches of Nursing and Midwifery in the CAO through the Higher Education Links Scheme. Our graduates secure a significant number of the available places in all branches including:

- General Nursing
- Midwifery
- Children's and Integrated General Nursing
- Intellectual Disability Nursing
- Mental Health Nursing

Many graduates choose to advance to Nursing and Midwifery in the UK where we enjoy excellent progression relationships with many universities including Anglia Ruskin University, Buckinghamshire New University, Universities of Sunderland and Southampton.

Employment Prospects

There is a high demand for our Graduates who are fully qualified for employment in nursing and healthcare settings, homecare, hospitals, nursing homes, residential and day care centres.

As a graduate of the Children's Nursing course there are employment opportunities in Children's Health Ireland as a Children's Healthcare Assistant.

The teachers are so approachable and they helped guide me through every step of the way! I also got to spend three weeks on Erasmus+ in Sweden, which was a fantastic experience.

Progression Opportunities

QQI 6M4978 Health Service Supervisory Management Skills is a major award leading to Level 8 degree courses in Universities and Technological Universities.

Successful graduates have progressed to Social Work, Applied Social Care, Human Resource Management and Nursing.

“I built positive relationships with staff and peers and really engaged with the college community, which increased my self-confidence”

“I attended the ICFE Healthcare Supervisory Management course as a mature student. I found the tutors to be approachable and supportive. I built positive relationships with staff and peers and really engaged in the college community, which increased my self-confidence.”

The variety of modules offered allowed me to develop my skills in group work and work experience. The course taught me how to multi-task while focusing on my study and career goals. The course and tutors allowed me to realize my potential.

I am currently in my third year at Trinity College Dublin studying Social Work. The majority of modules I completed in ICFE are relevant to my present course and I'm on my way to achieving my career as a social worker.”

Lisa Bryan - now newly qualified social worker.

David Masterson

About the Course

The scope of Social Studies as an area of study is vast. So, this course aims to introduce you to the basics which will hopefully ignite and motivate you to pursue a career or further study in one of its many career areas.

You will learn about individual human development, culture and diversity, the formation of our beliefs, values and our personal identity, how groups and institutions influence people's everyday lives, addiction studies, power, authority, criminality and governance from historical to contemporary times.

The course will suit you if you wish to work with children or young people, older people, and marginalised groups in society.

Graduates can go on to study Community Development, Sociology, Psychology, Childcare and Youthwork, Political and Social Sciences.

Subjects

Social Studies
Psychology
Human Growth and Development
Community Addiction Studies
Intercultural Studies
Safety and Health in the Workplace
Criminology
Communications
Work Experience

Progression Opportunities

Graduates may progress to the QQI Level 6 Social Studies or BTEC Social Care Diploma in Inchicore College or other FET colleges.

QQI 5M4468 Community Health Services major award may be used to apply to the CAO through the Higher Education Links Scheme to a broad range of courses across the Technological Universities and Universities including Social Studies, Social Care, Social Science, Psychology and Criminology, Sociology, Politics, Youth and Community Work.

“
Once I met all the teachers and got an introduction to the modules I was excited to start. I found the modules informative and interesting while the teachers were all very helpful and approachable.”

“I had just completed school and knew I was interested in the social care area. I was kind of nervous starting a new course but once I met all the teachers and got an introduction to the modules I was excited to start. I found the modules informative and interesting while the teachers were all very helpful and approachable.”

An important part of the Social Studies course is the work placement, mine was in the area of intellectual disabilities, I found it rewarding and it confirmed this is where I wish to work in the future. I would highly recommend this course to anyone who wishes to study, or pursue a career in this area. After successfully graduating I progressed on to the HND in Social and Community Work Diploma in Inchicore College.”

Course Coordinator

David Masterson

About the Course

On this advanced course you will explore the relationship between the individual and society, and how through working and taking action together, we can transform both the world around us and ourselves, for better.

Community development promotes participative democracy, sustainable development, rights, economic opportunity, equality and social justice, through the organisation, education and empowerment of people within their communities. Through this course you will develop skills to empower individuals and groups of people with the skills they need to effect change within their communities learning how to work with individuals and larger social institutions.

Employment opportunities are found in the voluntary and community sectors and this course prepares you for higher education across a wide range of social science disciplines.

Subjects

Course Coordinator

Garett Evers

About the Course

The HND in Social and Community Work has been developed to prepare you for employment in employment in caring services. This internationally recognised course is also an excellent springboard into third-level education.

You will study a wide range of related disciplines such as sociology, psychology and social policy, all of which are delivered by highly qualified and experienced teachers. The course focuses on the importance of personal and professional development in the workplace.

You will attend college four days per week in first year and three days per week in second year. The remaining days may be used to satisfy the work placement requirements of the course.

Students generally pursue a placement in their vocational area of interest with the support and guidance of the course coordinator. Garda vetting is required prior to commencing work experience and organised by the college.

Subjects Year 1

- Applied Understanding of Human Behaviour and Development
- Mental Health & Wellbeing
- Demonstrating Professional Principles and Values
- Sociological Approaches in Social and Community Work
- Law Policy and Ethical Practice
- Fundamentals of Evidence Based Practice
- Effective Reporting and Record Keeping

Year 2

- From Conflict to Resolution
- Contemporary Approaches to Disability
- Developing Effective Helping Relationships
- Reflective Approaches in Implementing PCP
- Community Development Practice
- Investigating Innovative Approaches to Practice
- Safeguarding Children, Young People and Vulnerable Adults

Progression and Career Prospects

Graduates of the course will find employment in community based and state sectors, working with children and young people in residential care, older people, people with dependency issues. Organisations in which students have secured employment include, Cerebral Palsy Ireland, Cheeverstown House, Menni Services, and Barnardos.

Graduates have gone on to obtain Level 8 degrees in Social Work, Social Care, Psychology, and Applied Social Studies.

“
I cannot recommend
this course enough
to students with an
interest in the caring
professions. The modules
were diverse but I
found that they all
interconnected with my
placement.”

“I cannot recommend this course enough to students with an interest in the caring professions. The modules were diverse but I found that they all interconnected with my placement. I found the lecturers really approachable and the college environment very friendly. The course offers excellent employment and further educational opportunities and has set me on my way to a career in the caring profession.” Jason Craig

“Technology is one of the key drivers of change and improved digital skills will be vital for Ireland’s future”

Ireland’s National Skills Strategy 2025
Department of Education and Skills

“The Information & Communication Technology (ICT) sector directly employs over 105,000 people in Ireland. It is one of the fastest growing sectors of the Irish economy, with employment up 40% since 2010.

Roughly 75% of those working in the sector are employed by multinationals and we are home to the ten biggest technology companies in the world. Ireland’s ICT sector covers a wide range of activities from hardware manufacturing to software development, as well as digital content creation, IT security, cloud computing, telecoms, and technical support services.”

Jan Challoner

About the Course

Pre-university Law will equip you with a foundation in a wide range of legal concepts along with the administrative skills required in any legal secretarial role. Learn about the importance of law to the operation of business in Ireland and where laws originated.

You will be able to identify, discuss and apply sources of law including the relevance of EU law. You will explore the nature and structure of the Irish legal system, essential aspects of the law of contract and the necessary features of the law of negligence.

If the focus of this course for you is in gaining employment in legal administration or as a legal secretary, you will be in demand. Otherwise, you may progress to higher education to study Law or courses where Legal Studies are combined with other subjects.

Work experience forms an integral part of this course.

Natural ability and talent in other dance
genres.

All applicants will be auditioned and inter-
viewed. More information will be provided
when called to interview.

Course Coordinator

Cliona O'Brien

About the Course

Dance Studies is a one-year Dance
programme at QQI Level 5 which will
prepare you for a well-rounded education
in Dance.

This course offers you the chance to
achieve a higher standard of dance
technique and performance ability.

The course also offers the opportunity to
obtain International Dance Certifications

During the year, you will be expected to
complete work experience in a Dance
school or Dance Company. Students will
also have the opportunity to take part in
an Erasmus+ Programme in Austria and
France.

*"I chose to study Dance
Studies at ICFE because
I knew I could get world
recognised teaching quali-
fications. While studying
I had many amazing opportunities to
choreograph and perform allowing me
to grow as a dancer and individual."*

*The wonderful training I had at ICFE
enabled me to gain a place at Bird
College Of Dance and Theatre Perfor-
mance in London."*

Paul Doyle

"The work ethic I learned in Inchicore and the passion of the tutors for us all to succeed to our full potential has helped guide me on my career path."

I am now doing my dream job, which is working as a Lecturer in Dance Education for the Royal Academy of Dance's Faculty of Education in London. I also manage the faculty's biggest teacher training programme, the Certificate in Ballet Teaching Studies.

I am currently the only Irish member on the Royal Academy of Dance's panel of examiners. I will always look back fondly at the sweat, time and tears shed during my years at Inchicore College."

Progression Opportunities

At end of the first year on completion of the Level 6 QQI you have the opportunity of progressing to the Second Year of the B.A Contemporary Dance Programme at the University of Limerick. Students can apply for other third level colleges to further their dance training.

For students who have completed the Diploma in Dance Education there are opportunities to take additional components in other dance genres. The students can also progress to study for the Royal Academy of Dance Distance learning Certificate in Classical Ballet Teaching.

Employment prospects

After completing the ISTD DDE International teaching qualifications and the QQI Level 6 Advanced Certificate in Dance, students have the opportunity to set up their own dance schools and work and teach internationally.

Inchicore College also has specific agreements with the Irish Board of Dance Performance. On successful completion of the second year of the QQI Advanced Certificate in Dance, candidates will be eligible to enter their students for the Irish Board of Dance Performance examinations.

Head of Theatre Studies

Sharon O'Doherty

About the Course

The Theatre Performance course has been providing excellence in drama training for over 35 years. The acting courses at Inchicore College are designed to provide a dynamic and empowering approach to acting and musical theatre training for all students interested in a career in professional theatre, film and television.

The courses are delivered by a dedicated and experienced team of tutors who are all active theatre practitioners.

The Inchicore College Theatre and Performance Department encompasses courses in Acting, Dance and Stagecraft, and provides a thriving creative atmosphere for students.

The level 5 course is highly practical in nature and the classes are designed to provide students with a solid foundation in the key skills, knowledge and techniques needed to develop as an actor and an accomplished drama practitioner.

Progression:

Successful graduates progress onto the Level 6 Advanced Performance course at Inchicore College.

Our graduates have developed professional careers in many areas of the profession.

Course Content Includes:

Acting Skills and Techniques:

Performance Craft, Text Analysis, Characterisation, Stanislavski, Michael Chekhov

Improvisation: Spollin, Johnstone, Boal.

Voice Production: Fitzmaurice, R.Hart, P. Rodenburg, C Berry

Candidates may also be asked to participate in a workshop.

Head of Theatre Studies

Sharon O'Doherty

About the Course

This two year full-time acting course is focused on further developing your confidence, initiative and performance skills along with your academic development.

In 1st year Level 6 you will present a full-length Shakespeare play as the main-stage production. You may also travel to Padua, Italy on a fully funded Erasmus+ Programme to study the music, mask and movement of Commedia Dell'Arte, culminating with your performance in a Commedia production devised with the director Matteo Destro, in Italy and in Ireland on your return.

Further performance experiences follow at the end of year 1 with the Trinity College London Grade 8 examinations in both Acting and Musical Theatre

Diploma students in year 2, perform two mainstage productions during the final year, an Expressionist show in the first term that highlights your acting and musical theatre skills. The final graduate production is staged in Smock Alley Boys' School. Potential employers such as casting directors, casting agents and industry professionals are invited to attend.

Finally, you will complete your QQI Level 6 award and prepare for the Solo Acting and Musical Theatre Associate Diplomas for Trinity College London.

Course Content

Engaging with Drama: Acting Characterisation, Text analysis, C. Stanislavski, Michael Chekhov.

The Clerks Tale-Joshua Manly and the Battle of Mount St Bridge Writer/Dir Sharon O'Doherty. Onsite Performance, Pembroke Town Hall, Ballsbridge

Academic Progression

1 year top - up BA through colleges such as Col aiste Dh ulaigh and the MGA Academy of Performing Arts, Edinburgh.

Progression to Degree, Higher to Diploma, and MA courses are possible through University College Dublin; NUI Galway, Maynooth University; Central School of Speech and Drama, London; Kingston College, London, Trinity College, London; Swansea University and Glasgow University. Some UK Universities offer advanced entry.

Employment

Our actors have appeared in productions at The Abbey Theatre, The New Theatre, The Project Arts Centre, Smock Alley Boy's School as well as venues all over Ireland and abroad.

TV and film appearances include The Good Wife, Fair City, Ripper Street, Penny Dreadful, The Clinic, Moon Boy, Roy, Kin, The Sacred Scriptures, Third Rock, Peaky Blinders, Vikings, Game of Thrones, Bridget and Eamon.

High profile ad campaigns include The National Lottery, Cadbury's, and Alliance Insurance and Guinness'.

Inchicore College graduates have developed careers in other areas of the Performing Arts as award winning writers and producers and directors for theatre and film and stand - up comedians. Many have started their own companies, stage schools and agencies. The recent introduction of Drama into the school curriculum has now offered our graduates the chance to share their knowledge and experience in the classroom as teachers.

Technical Theatre Diploma

Lighting, Sound and Stage Management

Level 6

Certification

BTEC Higher National Diploma in Performing Arts (Theatre Arts)

Duration

2 years Full-time

Minimum Entry Requirements

Leaving Certificate: O6/H7 in 4 subjects **plus** at least one O2/H6. Subjects must include English.

or

QQI Level 5 Award: in a related discipline with a Merit profile.

Mature Applicants

Mature applicants who have relevant experience and may not meet the above requirements are welcome to apply.

Course Coordinator

Paul Doran

About the Course

The show must go on!

If you love the excitement and adrenaline of backstage, if you are curious about the technical elements that make a professional production come to life then this two year Higher National Diploma course is for you. The HND in Performing Arts (Technical Arts) will provide you with the skills and experience necessary to begin your career in the theatre and film industry.

You'll engage in hands on learning in professional productions, team working with other courses and providing you with a strong foundation in the skills required while allowing you to train in specialist areas such as:

Lighting & Sound Design and Operation

Production and Stage Management

Set Design and Construction

Video production and Editing

Course assessment is by project work and continual assessment with a strong emphasis on teamwork and collaboration.

Subjects

Modules Year 1

The Performing Arts Industry

Professional Development

Production Communication

Stagecraft

Crewing

Specialist Skills:

Lighting Operation

Sound Operation

Special Effects

Set Construction

Video Editing

Modules Year 2

In your second year you are given the opportunity to take on creative and leadership roles within a production team through learning about the design process and being involved in the management of production departments.

Professional Development

Working in the Performing Arts Industry-
Creative Research Project

Management Roles

Stage Management

Lighting Design

Sound Design

Set Design

Advanced Film Production

Students engage in on-site work experience in the sound, light and stage management of events and productions within the college.

The students collaborate with the Dance, Theatre Performance and Costume Design Departments to work on a number of large scale productions within the college and in city venues.

Progression and Career Prospects

Our Graduates have been very successful in gaining employment in theatre and performance industries both in freelance and in-house positions such as stage managers, lighting and sound technicians and designers.

Graduates of Technical Theatre at Inchicore College have progressed to Trinity College, The Lir Academy and IADT and through their BTEC Higher National Diploma they can gain access to advanced entry to degree programmes in the UK in colleges such as University of East London, and Portsmouth University.

Graduates of this course have an excellent track record in progressing into the industry. Our goal is to create the best possible environment for you to start your career.

Costume Design and Make-Up

QQI Level 5 and 6

Certification

QQI Level 5 Design 5M2208 (Year 1)

QQI Level 6 Fashion Design 6M3706 (Year 2)

Duration

2 Years Full-time

Minimum Entry Requirements

Leaving Certificate: O6/H7 in 5 subjects

Equivalent qualifications will be accepted.

Mature Applicants

Mature applicants who have relevant experience and may not meet the above entry requirements are welcome to apply.

Interview and Portfolio

All applicants will be interviewed and must present a portfolio at interview.

The portfolio should demonstrate an ability to draw. Observational drawing (not from pictures or imagination) is essential. Portfolio should also display use of colour.

3D work, sketchbooks and ideas books can also be included.

Course Coordinator

Avril McGettigan

About the Course

This intensive course provides you with the creative ability to visually communicate your design ideas and the technical skills to produce complete costumes, hair and make-up for performers.

Areas of general study include research, design development, drawing and illustration, pattern drafting and costume construction for the realisation of 2D designs into 3D. You will also learn practical skills for hair/wig and make-up design and application.

The Costume Design and Make-Up course at Inchicore College offers a unique opportunity to study in a specialised area that offers many exciting career prospects in a creative industry of film, television and theatre.

Practical Subjects:

Costume design, illustration and drawing

Period and contemporary pattern drafting

Period and contemporary costume construction

Period corset construction

Millinery

Metal work

Media and materials exploration

Mask making

Make-up design and application including prosthetics

Wig/hair design and maintenance

Work experience is in collaboration with the Performance department and the Technical Theatre department on designing shows for public performance.

Academic Subjects:

Costume history and theory

Theatre history and theatre studies

The course's reputation was a key factor in choosing to study at ICFE. The course is aimed at delivering couture standard garments and the work flow is fast paced, as this is the level you need to work to in the costume industry.

I loved Construction and Pattern Drafting. The course really gave me an insight into how garments had to be properly made and cut. It was great to design costumes for a play with a professional director. This element really shows how team work is needed to get on in the industry.

The teachers are so passionate about what they teach, so each class you attend, you feel enthusiastic to learn and to attend class. I have made some wonderful friends from attending ICFE, some of which I know I will be in contact with for the rest of my life.

*Since leaving college, I've been very fortunate to have worked on a variety of different productions from, RTE's TV & dramas, Rebellion, Blood, Bernard Dunne's Mystical Heroes & Bright Sparks. History Channels Vikings, AMC Into the Badlands, Various Netflix Action and Drama feature films, TV Adverts. TG4 documentary drama films and numerous Independent feature films and shorts. **Jill Sartini***

Employment prospects

The Costume Design course at Inchicore College has a long running relationship with the growing stage and screen industry in Ireland and internationally.

Graduates have gained employment on such high profile productions in Ireland such as "Into The Badlands", "Vikings", "Ripper Street", and "Penny Dreadful"; and internationally "Alien: Covenant", "Lord of the Rings" and "Gossip Girl". Job titles include; Costume Designer, Costume Assistant, Costume Technician, Wardrobe Person, Make-up Artist, Make-Up Technician, Hair/Wig Designer, Hair/ Wig Technician.

Progression opportunities

Graduates may use their qualification to apply for entry to degree courses in Ireland, the UK and internationally.

Inchicore College's highly experienced teaching staff and excellent facilities make it the ideal place to turn your passion for sports into a career

Course Coordinator

Karen Parkinson

About the Course

This is a 2-year full-time diploma PLC course in Dublin in Sport, Exercise, Health, Nutrition, Rehabilitation and Sports Psychology. It offers you the opportunity to study for a diploma in all areas of Sports Science.

This course can act as a standalone qualification, or it can act as an access course where it can offer you an excellent opportunity to progress to one of our degree link courses. In some cases, advanced entry may be possible.

Do you want to gain access to a third level degree in Physiotherapy, Sports Rehabilitation and Therapy, or Sports Science? Completing this Diploma in Sports Science can help you gain direct access to these degree courses.

Reasons to choose Sports Science:

Perhaps you would like to work in the sports field but are still unsure of the area in which you would like to work.

You have chosen to start a new pathway in your life or want to upskill and begin a new career path.

Choose this pathway if you have not achieved the required Leaving Certificate points to gain access to your preferred degree.

There are five routes into the sports industry to choose from after completing the diploma. All of the routes are well-established and have been tried and tested by previous graduates of this course.

Our team of highly qualified practitioners in physiotherapy, rehabilitation, P.E. and gym instruction, field-based testing and health and sports science will help you choose the right career pathway to suit you.

Subjects

Modules Year 1

- Anatomy & Physiology
- Biomechanics
- Fundamentals of Sport & Exercise Psychology
- Injury Prevention
- Nutrition
- Physical Activity, Lifestyle & Health
- Professional Skills
- Training, Fitness, Testing

Modules Year 2

- Advanced Nutrition
- Exercise Physiology
- Psychology for Performance
- Research Project
- Sport & Exercise for specific Groups
- Sport Rehabilitation
- Technology in sport

Self Employment

Past students have set up their own business directly after graduating as a:

- Strength and Conditioning Coach
- Sports Coach or Instructor
- Gym Instructor
- Consultant for Sports Performance
- Personal Trainer

The skills I learned in the course really showed through and helped me secure a job

Andrea McQuillan

About the Course

Tourism in Ireland is an exciting and dynamic career choice which offers you opportunities in every region of the country. In a job where no two days are ever the same you may choose to work in the airlines, hospitality, tour guiding, event management or on cruise ships but whatever your choice, this course is designed to prepare you for employment in the tourism industry or to progress to further and higher education.

You will engage in industry-linked modules, enjoy guest speakers from tourism careers and visit a range of tourist attractions. Work experience and a variety of teaching methods gives you the opportunity to link theory with the practical and gain a broad understanding of how the tourism industry operates. You will gain employment both at home or abroad in visitor attractions, travel agencies, hotels, reservation sales, heritage centres and reception areas.

Subjects

Tourism Information & Administration

Tourism Principles & Practice

Customer Service

Work Experience

Word Processing

Irish Cultural & Heritage Resources

Principles & Practice of Selling

Cabin Crew Operations

French

Business Administration

Additional Certification

Opera PMS Training and Certification

Passenger Services Course

(Academy of Aviation)

About the Course

Graduates may progress to QQI Level 6 courses in Inchicore College or other FET colleges.

QQI 5M5011 Tourism with Business major award leads to many exciting courses in the CAO via the Higher Education Links Scheme including:

TUD: Event Management, Languages and International Tourism, Tourism with Digital Marketing, Tourism Management

DCU: Aviation Management / Aviation Management with Pilot Studies

“The course is made up of industry-linked modules, guest speakers from the industry, visits to a range of tourist attractions and work experience.”

“I picked Inchicore College because it covered a lot of areas like airline studies and learning travel agency work. It gives you a view of what working in the whole tourism industry is like.”

I like my class, they are all very supportive and helpful towards each other. I also like the teachers, they are understanding and easy to talk to.

I didn't think we would go on as many trips as we have done and I enjoy going to my work experience placement every week.”

Mikaela Cullen

Tourism and Cultural Events Management - Advanced

Level 6

Certification

QQI Tourism with Business 6M5012

Those in receipt of unemployment payments or means-tested social welfare benefits, holders of medical cards and their dependents are entitled to free tuition.

The Return to Education course helped me immensely with my assignments and academic skills. I met so many great people with whom I am still friends.

"The Return to Education course helped me immensely with my assignments and academic skills. I really enjoyed the many modules we did ranging from Human Growth & Development to practical subjects such as Word Processing which was such a help for writing assignments.

I met so many great people with whom I am still friends. Some have continued their studies and others have gone into employment. RTL has been a very memorable year and one I won't forget"

Lorna O'Connor – RTL graduate. Lorna progressed to the Social and Community Work Diploma in Inchicore College.

General Information

Applications and Offers

Apply online through our website. We will offer you a provisional place on the course, subject to satisfying the entry requirements for the course. Our website contains full details of the application process.

English Language Requirement

When accessing a Level 5 programme, CERFL proficiency at B2 (Intermediate Level) is required for those whose first language is not English. Testing will be arranged.

Charges

There are no fees for PLC Courses at Inchicore College. Students are required to pay a €50 flat registration charge for PLC programmes

Registration & Induction

Registration generally takes place online. It involves uploading various documents e.g., Leaving Certificate results, Photo ID etc., to your application account and completing a Learner Details Form. Full details are on our website. Induction sessions for each course take place in September.

SUSI Grants

Go to the SUSI website to quickly find out information on making a SUSI grant application for a PLC learner. Apply online at www.susi.ie

Applicants with Additional Needs

We will do our best to provide appropriate support and help for learners with a physical disability or specific learning needs within the limits of available resources. If you have Additional Needs, then tick the box on your application form.

Equality, Diversity and Inclusion

Inchicore College, as a constituent college of City of Dublin ETB, embraces the values of Equality, Diversity and Inclusion (EDI). We are committed to equal opportunities and anti-discrimination in our policies and procedures.

Garda Vetting

A Garda Vetting disclosure is required for learners on courses where there may be contact with children or vulnerable adults.

Admissions Policy

The Admissions Policy is available on the college website.

Mature Learners

Mature learners may be able to retain all of their Social Welfare benefits while on a course including Back to Education Allowance (BTEA), Vocational Training Opportunities Scheme (VTOS) and Back to Education Initiative (BTEI) Part-time Courses.

The information contained in this prospectus is intended as a guide for prospective students. It forms no part of any agreement or contract with prospective students. Some courses outlined in this prospectus may not run and course content may be revised for educational or organisational reasons.
